The Department of Educational Psychology at the University of Georgia invites applications for a tenure-track Assistant Professor with expertise in Quantitative Methodology to begin in August 2020.

The mission of the Quantitative Methodology (QM) program is to advance the theory and practice of statistics and measurement in the social and behavioral sciences. The program provides graduate training in research design and analysis as well as advanced training in psychometrics, educational assessment, and quantitative research methodology. The area of quantitative methodology specialization for the candidate’s research and teaching assignment is open, with a preference for a scholar whose research focuses on advancing contemporary methodology for (a) experimental research design and analysis or (b) the assessment and measurement of complex traits and behaviors.

Information about the QM program can be found at https://coe.uga.edu/academics/degrees/phd/quantitative-methodology.

**Responsibilities:**
The successful applicant will be expected to maintain a high-quality research program, seek external funding, serve as a research mentor for students, direct theses and dissertations, participate in faculty governance, and contribute to the collegial community of the QM program and the larger Department of Educational Psychology. This position requires teaching the equivalent of two graduate-level courses per semester in the program.

**Required Qualifications:**
Qualifications include an earned doctorate at the time of employment with a specialization in assessment and measurement, psychometrics, educational statistics, quantitative psychology, or a closely related field. Evidence of the promise of moving towards a strong record of scholarly research that advances methodology, securing external funding to support the candidate’s program of research, and teaching graduate courses and mentoring students.

**Appointment**
The appointment will begin the 2020-2021 academic year on August 1, 2020.
Submission Requirements
Applicants should submit a letter of interest that addresses qualifications in the areas detailed above, a current curriculum vita, reprints of up to three published research articles, and three letters of recommendation. Letters of interest should include a description of the applicant’s (a) program of research, (b) past successes in obtaining and/or future plans to pursue external funding for research support, and (c) experiences and interests in teaching. Transcripts will be required only from finalists.

All materials should be submitted electronically to http://www.ugajobsearch.com/postings/119614.

Questions may be addressed to the program chair and search committee chair Dr. Laine Bradshaw at laineb@uga.edu.

Applications received by November 4th, 2019 are assured of full consideration.

The University of Georgia (www.uga.edu) is a land grant/sea grant institution. Its main campus is located in Athens, Georgia, 75 miles northeast of Atlanta. Athens is known for its music, art, and food as well as its accessibility to the Atlanta area (see www.visitathensga.com and www.georgia.gov).

The University of Georgia is an Equal Opportunity/Affirmative Action employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, ethnicity, age, genetic information, disability, gender identity, sexual orientation, or protected veteran status. Persons needing accommodations or assistance with the accessibility of materials related to this search are encouraged to contact Central HR (hrweb@uga.edu). Please do not contact the department or search committee with such requests. This position is contingent on the continued availability of funding.

Hiring is contingent upon available funding, proof of eligibility to work in the United States, and completion of a background check.
