The Department of Statistics at the University of California, Davis, invites applications for a full-time faculty position in Statistics. This search will be conducted at the assistant professor rank and the resulting hire will be at the assistant rank, regardless of the proposed appointee’s qualifications. All areas of Statistics will be considered. Individuals specializing in statistical methods for large and complex or massive data are especially encouraged to apply. Preference will be given to those specializing in data science and machine learning. A Ph.D. in Statistics or a related area is required. Candidates must possess (or demonstrate the potential to achieve) a strong record in the areas of research, teaching, and service. Candidates must also possess the ability to teach all lower-division statistics courses, upper-division core courses in statistics, and graduate level statistics courses, and to be strongly committed to providing service to the department, university, and statistics communities.

The start date for this position is July 1, 2020. The position will remain open until filled but to assure full consideration submit a cover letter, Statement of Research, Statement of Teaching, Statement of Contribution to Diversity, curriculum vitae, letters of reference, and transcripts (if PhD obtained during 2017 or later) by November 17, 2019. Submit application on-line via job listing at https://recruit.ucdavis.edu/apply/JPF02944

The University of California is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability, age or protected veteran status.
